PART 1 AUGUST 1986

PAGE

McDONALD, V., ROSE, M. ELAINE and JEFFERS, T. K. *Eimeria tenella*: immunogenicity of the first generation of schizogony 1

YOUNG, A. S., LEITCH, B. L., NEWSON, R. M. and CUNNINGHAM, M. P. Maintenance of *Theileria parva parva* infection in an endemic area of Kenya . . 9

SHERMAN, I. W. and GREENAN, JANE R. T. *Plasmodium falciparum*: regional differences in lectin and cationized ferritin binding to the surface of the malaria-infected human erythrocyte 17

SMITH, JUDITH E. and ALEXANDER, JAMES. Evasion of macrophage microbicidal mechanisms by mature sporozoites of *Plasmodium yoelii yoelii* 33

ROLLINSON, D., IMBERT-ESTABLET, DANIÈLE and ROSS, G. C. *Schistosoma mansoni* from naturally infected *Rattus rattus* in Guadeloupe: identification, prevalence and enzyme polymorphism 39

GEORGI, J. R., WADE, S. E. and DEAN, D. A. Attrition and temporal distribution of *Schistosoma mansoni* and *S. haematobium* schistosomula in laboratory mice 55

STABLES, J. N. and CHAPPELL, L. H. *Diplostomum spathaceum* (Rud. 1819): effects of physical factors on the infection of rainbow trout (*Salmo gairdneri*) by cercariae 71

WINCH, JUDITH M. and RILEY, J. Studies on the behaviour, and development in fish, of *Subtriquetra subtriquetra*: a uniquely free-living pentastomid larva from a crocodilian 81

LUCKINS, A. G., FRAME, I. A., GRAY, M. A., CROWE, J. S. and ROSS, C. A. Analysis of trypanosome variable antigen types in cultures of metacyclic and mammalian forms of *Trypanosoma congolense*. 99

HURD, HILARY and ARME, C. *Hymenolepis diminuta*: influence of metacestodes on synthesis and secretion of fat body protein and its ovarian sequestration in the intermediate host, *Tenebrio molitor* 111

WARD, S. M., ALLEN, J. M. and McKERR, G. Neuromuscular physiology of *Grillotia erinaceus* metacestodes (Cestoda: Trypanorhyncha) *in vitro* . . 121

WARD, S. M., ALLEN, J. M. and McKERR, G. Action of praziquantel on *Grillotia erinaceus* metacestodes (Cestoda: Trypanorhyncha) *in vitro* 133

TSUBOI, T. and HIRAI, K. Lipid metabolism in golden hamsters infected with plerocercoids of *Spirometra erinacei* (Cestoda: Pseudophyllidea) 143

McCULLOUGH, J. S., FAIRWEATHER, I. and MONTGOMERY, W. I. The seasonal occurrence of *Trilocularia acanthiaevulgaris* (Cestoda: Tetraphyllidea) from spiny dogfish in the Irish Sea 153

ALMOND, N. M., MCLAREN, DIANE J. and PARKHOUSE, R. M. E. A comparison of the surface and secretions of *Trichinella pseudospiralis* and *T. spiralis* . 163

SLATER, A. F. G. and KEYMER, A. E. Epidemiology of *Heligmosomoides polygyrus* in mice: experiments on natural transmission 177

KEYMER, A. E. and HIORNS, R. W. Faecal egg counts and nematode fecundity: *Heligmosomoides polygyrus* and laboratory mice 189

Trends and Perspectives

KENNEDY, C. R., BUSH, A. O. and AHO, J. M. Patterns in helminth communities: why are birds and fish different? 205

LLOYD, G. M. Energy metabolism and its regulation in the adult liver fluke *Fasciola hepatica* 217

PART 2 OCTOBER 1986

OBITUARY NOTICE PARR TATE, 1901–1985 249

MCCALLUM, H. I. Acquired resistance of black mollies *Poecilia latipinna* to infection by *Ichthyophthirius multifiliis* 251

PONNUDURAI, T., LENSEN, A. H. W., MEIS, J. F. G. M. and MEUWISSEN, J. H. E. TH. Synchronization of *Plasmodium falciparum* gametocytes using an automated suspension culture system 263

DIECKMANN, A. and JUNG, A. The mechanism of pyrimethamine resistance in *Plasmodium falciparum* 275

TURNER, C. M. R. Seasonal and age distributions of *Babesia*, *Hepatozoon*, *Trypanosoma* and *Grahamella* species in *Clethrionomys glareolus* and *Apodemus sylvaticus* populations 279

MAJINA, P. A. O., HAMERS, R., VAN MEIRVENNE, N. and MATTHYSSENS, G. Evidence for genetic diversity in *Trypanosoma* (*Nannomonas*) *congolense* . 291

GILL, HARSHARNJIT S. Kinetics of mast cell, basophil and eosinophil populations at *Hyalomma anatolicum anatolicum* feeding sites on cattle and the acquisition of resistance 305

HARNETT, W., MEGHJI, M., WORMS, M. J. and PARKHOUSE, R. M. E. Quantitative and qualitative changes in production of excretions/secretions by *Litomosoides carinii* during development in the jird (*Meriones unguiculatus*) . 317

WARD, P. F. V. and CROMPTON, D. W. T. Linked metabolism of L-serine and L-alanine by *Moniliformis moniliformis* (Acanthocephala) *in vitro* 333

BENNETT, J. L. and PAX, R. A. Micromotility meter: an instrument designed to evaluate the action of drugs on motility of larval and adult nematodes . . 341

ROGAN, M. T. and RICHARDS, K. SYLVIA. *Echinococcus granulosus: in vitro* effect of monensin on the tegument of the protoscolex 347

GEMMELL, M. A., LAWSON, J. R., ROBERTS, M. G., KERIN, B. R. and MASON, C. J. Population dynamics in echinococcosis and cysticercosis: comparison of the response of *Echinococcus granulosus*, *Taenia hydatigena* and *T. ovis* to control 357

AYALEW, L. and PEARSON MURPHY, BEVERLEY E. *In vitro* demonstration of *in utero* larval development in an oviparous parasitic nematode: *Haemonchus contortus* 371

MATTIUCCI, S., NASCETTI, G., BULLINI, L., ORECCHIA, P. and PAGGI, L. Genetic structure of *Anisakis physeteris*, and its differentiation from the *Anisakis simplex* complex (Ascaridida: Anisakidae) 383

LOBOS, E. and WEISS, N. Identification of non-cross-reacting antigens of *Onchocerca volvulus* with lymphatic filariasis serum pools 389

HARNETT, W. and KUSEL, J. R. Increased exposure of parasite antigens at the surface of adult male *Schistosoma mansoni* exposed to praziquantel *in vitro* . 401

Proceedings of the British Society for Parasitology 407

PART 3 DECEMBER 1986

DLUZEWSKI, A. R., RANGACHARI, K., TANNER, M. J. A., ANSTEE, D. J., WILSON, R. J. M. and GRATZER, W. B. Inhibition of malarial invasion by intracellular antibodies against intrinsic membrane proteins in the red cell 427

SOUTHGATE, V. R., ROLLINSON, D. and VERCRUYSSE, J. Scanning electron microscopy of the tegument of adult *Schistosoma curassoni*, and comparison with male *S. bovis* and *S. haematobium* from Senegal 433

THORNHILL, JOYCE A., JONES, JANET T. and KUSEL, J. R. Increased oviposition and growth in immature *Biomphalaria glabrata* after exposure to *Schistosoma mansoni* 443

TINSLEY, R. C. and JACKSON, HELEN C. Intestinal migration in the life-cycle of *Pseudodiplorchis americanus* (Monogenea) 451

PEURA, RAIJA, TELLERVO VALTONEN, E. and CROMPTON, D. W. T. Ovarian tissue in juvenile palaeacanthocephalans: *Corynosoma semerme*, *C. strumosum* and *Echinorhynchus gadi* 471

GRANTHAM, BARBARA D. and BARRETT, J. Amino acid catabolism in the nematodes *Heligmosomoides polygyrus* and *Panagrellus redivivus* 1. Removal of the amino group 481

GRANTHAM, BARBARA D. and BARRETT, J. Amino acid catabolism in the nematodes *Heligmosomoides polygyrus* and *Panagrellus redivivus* 2. Metabolism of the carbon skeleton 495

HUFFMAN, JANE E., MICHOS, C. & FRIED, B. Clinical and pathological effects of *Echinostoma revolutum* (Digenea: Echinostomatidae) in the golden hamster, *Mesocricetus auratus* 505

SPELLING, S. M. and YOUNG, J. O. The population dynamics of metacercariae of *Apatemon gracilis* (Trematoda: Digenea) in three species of lake-dwelling leeches 517

JENKINS, D. C., RAPSON, E. B. and TOPLEY, P. The aggregation response of *Trichostrongylus colubriformis*: a basis for the rapid interpretation of *in vitro* anthelmintic screens 531

CUMMINS, A. G., BOLIN, T. D., DUNCOMBE, V. M. and DAVIS, A. E. Blood loss during *Nippostrongylus brasiliensis* infection in the rat 539

MATTHEWS, B. E. Permeability changes in the egg-shell of hookworms during development and eclosion 547

MORGAN, T. M., SUTANTO, INGE, PURNOMO, SUKARTONO, PARTONO, F. and MAIZELS, R. M. Antigenic characterization of adult *Wuchereria bancrofti* filarial nematodes 559

BIRD, A. F. The influence of the actinomycete, *Pasteuria penetrans*, on the host–parasite relationship of the plant-parasitic nematode, *Meloidogyne javanica* 571

STEWART, G. L., RAINES, KAREN, M. and KILGORE, M. W. Glucose absorption *in vitro* by the enteric stages of *Trichinella spiralis* 581

WARD, S. M., MCKERR, G. and ALLEN, J. M. Structure and ultrastructure of muscle systems within *Grillotia erinaceus* metacestodes (Cestoda: Trypanorhyncha) 587

BOWTELL, D. D. L., SAINT, R. B. and MITCHELL, G. F. Immunochemical analysis of *Taenia taeniaeformis* antigens expressed in *Escherichia coli* 599
